## \$242,400 WORTH OF COAL INVOLVED.

Injunction Suit Is Started by Washington and Fayette Men.

### TO RESTRAIN SALE ON LANDS

Sale and Extension of Agreement from Time to Time Has Greatly Muddled Up Affairs—Several Separate Tracts Involved.

WASHINGTON, Pa., April 2.—In an injunction suit started yesterday, in which Louis S. Miller, of Jefferson township, Fayette county, and Ellis M. Lally, of California, Washington county, are plaintiffs, and A. O. Tinsman, of Allegheny county, is the defendant, there is involved 494 acres of coal, estimated to be worth \$242,400. The plaintiffs seek perpetually to restrain the defendant from recording, selling or assigning a certain agreement, and from holding or parting with or delivering the same to any person other than the plaintiffs. Further they ask that this agreement, which they allege is a cloud on the title to the coal owned by the plaintiffs, be declared null and void and that the defendant be decreed to deliver the same to the plaintiffs. William A. Miller of Uniontown, and Harry Russell Myers, of the agreement in question was entered into on September 14, 1908, between the plaintiffs and T. H. Patton, of Brownsville. Later it was assigned by T. H. Patton to A. O. Tinsman, the defendant in the present proceeding. Under the agreement the plaintiffs agreed to sell and transfer to Patton, the Pittsburgh or river vein of coal underlying certain tracts in this county at a consideration of \$500 an acre. Of this amount, \$400 was to be paid by the party of the second part, his heirs or assigns, upon a notice of the acceptance of the coal, the coal according to the stipulations of 1908, or as soon thereafter as the title should be examined and accepted by agreed by the parties to the agreement that the party of the second part should have the option of taking the coal according to the stipulations of the agreement, until and including October 24, 1908. In case the terms of the agreement were not complied with by that date, then the agreement was to become null and void, and the parties thereto released therefrom.

According to the statement filed the option was exercised from time to time up to and including December 15, 1908, upon the same terms and conditions, except that the option was increased from \$500 to \$600 an acre. On December 15, 1908, the plaintiffs state they received notice from A. O. Tinsman that he was the owner of the option, given to T. H. Patton, and that he accepted the coal in accordance with the conditions of the option; also that the defendant paid the \$400 according to agreement, and was given a receipt for the same. Following this, the plaintiffs say, they immediately arranged to have full and complete statements of the coal, mining rights, etc., and on December 19, 1908, caused to be left personally at the office of the defendant in Pittsburgh, full and complete abstracts, etc., except the notes of survey, and these were delivered January 2, 1909. Further the plaintiffs aver that they tendered the defendant on February 6 a deed of general warranty, properly drawn up, and demanded a settlement by the defendant. On that date they aver the defendant stated that it being Saturday and the banks being closed, he could not settle that day, but would meet the plaintiffs at California on the following Wednesday. Since February 6, the plaintiffs say they have never heard nor seen anything of the defendant; that since February 10, 1909, the date the coal was to be settled for by the defendant, the plaintiffs aver they have been advised that the defendant was not, and has not since been, nor in the present time, financially able to pay for the coal and mining rights, as agreed upon. They aver this agreement, though not of the present time a matter of record in this county, is a cloud on the title of the coal, and if allowed to stand uncorrected will greatly depreciate the market value of the coal, and it not surmounted by the defendant, may be offered for record in the recorder's office.

Several separate tracts of coal are involved in the suit. All lie in Somerset township and adjoining each other. The one tract was conveyed by R. M. and W. J. Andrews to the plaintiffs. Tract No. 2 was also conveyed to the plaintiffs by the Andrews. Tract No. 3 was conveyed to the plaintiffs by Solomon W. and Emma Hufferman, as also tract No. 4. Tract No. 5 was conveyed to the plaintiffs by John and Mary Hunt, tract No. 6 by N. L. and Doris Smith and tract No. 7 by C. T. and Margaret C. Tinsley.

### MISSING THE HOSPITAL.

Pittsburgh Brewery Worker Comes Here and Meets With Accident. Max Duntz, a brewery worker of Pittsburgh came here a few days ago to attend a conference with the brewers and remained in town over Wednesday night. Yesterday he came to Chief of Police Rottler with a badly cut face and said he had been held up and robbed.

The chief directed him to the hospital, but the man never got that far. Chief Rottler says it is possible the cut may have come from a fall. Little credence is placed by the police in the robbery theory.

## ARRESTED FOR RAIDS

On South Connellsville Chicken Coops, Which Have Been Numerous.

### HAD CHICKENS IN POSSESSION

Although Only Three Have Been Arrested It Is Believed That Others Are Mixed Up in the Depredations. Hearings This Afternoon.

As a result of the numerous raids upon chicken houses in South Connellsville, Joseph Johnston and Calvin Price, two men living along Indian Creek, were arrested last night by Constable J. W. Mitchell, charged with breaking and entering in the night time.

The victims who believe Johnston and Price robbed them are Dr. M. H. Koehler, Isaac Feather and John Friend. Dr. Koehler and several others accompanied Constable Mitchell to Indian Creek last night and witnessed the search of the premises. Several chickens were found in the possession of the prisoners and some of these were identified.

During the past few months there have been wholesale raids on the hen roosts at South Connellsville, and great loss has been sustained by the amateur poultry fanciers of that neighborhood. Owners have been working on the case for some weeks past and a clue led Constable Mitchell to visit the homes of Johnston and Price.

The men were brought to town and arranged for bail this morning. They will be given a hearing before Justice of the Peace W. P. Clark this afternoon.

It is believed that there are others mixed up in the thieving which has been going on and more arrests are anticipated in the near future.

## MORE PROSECUTIONS FOR SCHOOL VIOLATORS

Three Wheeler Residents Hauled Up For Neglecting to Send Children to School.

On a charge of violating the compulsory school law, Charles O'Brien, Thomas Martin and Fred Swopes, all of Wheeler, were given a hearing last evening before Squire P. M. Buttermore of the West Side. The information was made by Trustee Oliver C. Allen of Dunbar township. Swopes claimed that his daughter was kept from school to assist in the household, while O'Brien stated that if his boys were out of school it was not known by him. The boys leave home at the regular hour and have been playing truant. Martin had no statement to make. The case was settled by the defendants paying the fine and costs and by a promise to the effect that hereafter their children will be sent to school.

## A SCOTSDALE SEWER BLOWN UP AGAIN

New Disturbance in Its Depths Throws Heavy Iron Lid High in the Air—And Breaks It.

SCOTSDALE, April 2.—With a dull roar the gas in the famed sewer at Perry's feed mill made itself heard from again yesterday afternoon. The heavy cast iron lid over the manhole in front of the feed mill, and that withstands the passing of heavy wagons over it, was blown high into the air, and came down with such force as to be broken into pieces. Street Commissioner E. M. Stutz was on hand a few minutes later and an alarm crowd gathered around to view the damage. This sewer has fallen into a confirmed and unpleasant habit of having very frequent disturbances of this kind in its vitals, alarming all the householders along its course up town. Natural gas and sewer gas are both blamed for causing the sewer discomfort.

## OLDEST ROAD FOREMAN DEAD.

Michael Cunningham of the Baltimore & Ohio Died Last Evening.

### HAD BEEN ILL SINCE LAST JUNE

Resigned As Road Foreman Last September On Account of Sickness—Has Been in Connellsville For the Past Thirty-Five Years.

Michael Cunningham, aged 64 years, six months and five days, one of the oldest road foremen on the Pittsburgh Division of the Baltimore & Ohio railroad, died last evening at 5:20 o'clock at the home of his son-in-law, James McDermott, No. 404 East Washington avenue. Death was due to Bright's disease and heart trouble. Mr. Cunningham's illness dated back since last June and in September he resigned his position as road foreman on account of his poor health. He was unconscious for about 24 hours before his death.

Decennial was born and reared in Ireland. At the age of 17 years, he came to this country settling in New York where he was foreman of construction work on railroads. Thirty-five years ago he came to Connellsville and secured a position as road foreman with the Baltimore & Ohio Railroad Company. He was well known in railroad circles and was held in the highest esteem by his many friends. Mr. Cunningham was twice married. When a young man he was married to a Miss Shay and several years after her death he was married to Miss Ella Young of Somerset. Since her death which occurred about 16 years ago he has made his home among his children.

Decennial was a member of the Immaculate Conception Church and of the C. M. B. A., an organization of the church. He is survived by the following children: John D. James, Michael, Joseph, Miss Amanda Cunningham, and Mrs. James McDermott, all of Connellsville; and Mrs. J. H. G. Exline of Pittsburgh. ## FAYETTE COUNTY MAN IS CHOICE

Congregation of Allison Avenue Baptist Church, Washington, Pa., Call Rev. James S. Jewell.

WASHINGTON, Pa., April 2.—At a congregational meeting held at the Allison Avenue Baptist Church yesterday evening a unanimous call was extended to the Rev. James S. Jewell to be the pastor of the church. It is thought Mr. Jewell will accept. At the present time Mr. Jewell is pastor of the Baptist Church at Flatwoods, Fayette county, where he has been located for the past nine years. He is well known in Washington, having been there on several occasions. Twice he has held evangelistic meetings at the Allison Avenue Church and on last Sunday he preached to this congregation.

The pulpit of the Allison Avenue Church was made vacant by the resignation of the Rev. W. M. Courson who on March 1 went to Bradford where he had previously accepted a charge.

Mr. Pleasant Couple Elope. Mr. Pleasant, April 2.—Quite a little excitement was caused in town yesterday when it was found out that Porter Wilt and Miss Virginia Dayman had eloped to Cumberland to be married. Both are prominent young people of Mt. Pleasant, the groom being a local merchant and the bride a daughter of one of the town's leading families. There were no objections to the union but friends of the groom think it was intended for a surprise. The popular young couple will make their home in this place.

Made a Good Record. Mr. Pleasant, April 2.—Although this is the first month for the new Burgess, A. T. Collins, the total receipts for fines and licenses will probably reach the \$200 mark. The borough needs the money badly and will soon have the benefit of it. Nearly every day some one has been before the Burgess to be fined. In one week the amount received totaled close \$100.

False Fire Alarm. A false alarm was turned in late last night from Box No. 231. The fire department turned out but could find no blaze. The box is located at the corner of Tenth and Peach streets.

## UNIONTOWN HAS COLD FEET ON BASEBALL

Cannot Raise The Money To Go Into The Pawnee League This Year After Making Big Bluff.

According to reports from Uniontown that town will not be represented on the ball field this year. The fans in the County Seat have a bad case of cold feet and decided not to get into the game. Uniontown has managed to win two or three pennants in the past because a few men in the town were willing to foot the bill. Now that these "angels" have pulled off, the sports are not willing to donate anything for the support of the team. Connellsville fans have always supported the Uniontown sports of being of the "big home" variety and the developments of the last 24 hours have substantiated that belief. In Connellsville there is not a single subscription over \$100 and a mighty few of them, the bulk of the money used towards the support of the team being from fans who contribute from \$5 to \$25 each.

Manager Alex Sweeney of the Cobblers arrived in town this morning but immediately went into retirement. He says the outlook is most discouraging and promises to have a good team in line when the bell rings. Connellsville will regret to see Uniontown throw up the sponge as the rivalry between this town and the County Seat made things interesting.

## FORT IS EN FETE.

Royal Welcome Was Accorded Colonel Roosevelt at Gibraltar Today.

STOPPED ONLY TWO HOURS

Reception Was of an Unofficial Character But Englishmen Show Former President All Over The Place—Kermitt Is There Too.

UNITED PRESS TELEGRAM. GIBRALTAR, April 2.—Theodore Roosevelt landed at Gibraltar at 10 o'clock this morning and for nearly two hours was the center of an enthusiastic demonstration in which England took advantage of its first opportunity to pay respects to the distinguished traveler. Mr. Roosevelt's request the reception was of an unofficial character which added rather than retarded the heartiness of the greeting. General Sir Frederick Forestier Walker, Governor of Gibraltar, and Richard L. Sprague, American Consul, took Roosevelt and his son Kermitt in charge the moment the Humboldt's anchor was lowered. Thousands were at the pier and the cheering began before Roosevelt's robust figure appeared on the deck. The crowd waiting Roosevelt's appearance evidently surprised him for he waved his black and white flag in acknowledgment. The Humboldt's stay in Gibraltar was limited to two hours. The reception committee immediately took the party in automobiles on a sightseeing tour which included the Governor's residence, Admiralty building, naval hospital and barracks. Roosevelt was most deeply interested in the fort.

## RELIGIOUS FLAG HAS BEEN PATENTED

Dr. Coker of New York, Designed One That Is Expressive of Religious Fervor.

Heretofore the United States has had no flag to represent Christendom. Feeling the need of this, Dr. Coker of New York, now holding services at the Baptist Church here, drew up a design upon which he has taken out a United States patent. The flag is international and non-sectarian and has already been adopted by tens of thousands. The flag symbolizes Universality in the corner letter "N. E. W. S." The blue background stands for justice and truth; the white shield in the center for purity and holiness; the red cross on the shield for sacrifice; the shield itself for faith and heroism; the cross for Christ and His power; the golden crown above the cross for dominion and glory.

Entertained Club. The Five Hundred Club of Dawson was charmingly entertained yesterday afternoon by Miss Lorain McMillan at her home at Dawson. Five tables were in use for the games and about 6 o'clock a dainty repast was served.

## CONCESSIONS FOR PITTSBURGH DISTRICT.

New Schedule of Rates Announced After a Long Conference.

### WILL BE A FAIRER BASIS

But Coal and Coke Men Did Not Receive All That They Desired, However, the Rates Are Much Better and More Equitable Than Formerly.

Executive officers and traffic managers of the lake coal carrying railroads, yesterday announced the new schedule of rates, applying to all lake shipments from Pittsburgh, Ohio and West Virginia fields, to become effective May 16. The new schedule means a big concession to Pittsburgh coal operators, but shippers are not entirely satisfied with the revision. The carriers state positively, however, that the new rates agreed upon this week must stand for a year, at least, and that no greater differential will be given.

The new schedule is as follows: From Pittsburgh district, 85 cents, same as last year; Fairmont, W. Va., \$1 instead of 97 cents; Kanawha and Thacker field, \$1.06 1/2 instead of 97 cents; Pocahontas and New River field, \$1.21 1/2 instead of \$1.12.

Pittsburgh operators are given a differential of 12 cents a ton over the Fairmont field, instead of nine cents. Pittsburgh shippers demanded a differential of 16 cents, announcing they would appeal to the interstate commerce commission, if it was not granted. Ohio operators did not make public their demands, but it is known that they are not entirely pleased. High railroad officials who attended all the meetings since the controversy began, said Pittsburgh operators are the only shippers who worked with the carriers with a view of adjusting the rate dispute. According to these officials, the shippers discussed the matter in a businesslike manner and did everything possible to adjust the dispute. It has been in progress for a number of years and resulted in the opening of the lake navigation season being delayed almost two months this spring. For a time the situation looked serious and the rate question was taken up by the President of all the interested lines.

Some operators denounced that rates from West Virginia should remain the same and that rates from Pittsburgh should be reduced, in case the railroads decided to give the Pittsburgh operators a greater differential. For this reason, West Virginia operators have been fighting the plan of the railroads to advance rates from that district.

New rates will apply to the Pennsylvania, Baltimore & Ohio, Pittsburgh & Lake Erie, Ohio Central, Washington & Annapolis, West Side, Del., Wheeling & Lake Erie, Chesapeake & Ohio and all other roads handling lake coal.

Last year these roads handled about 20,000,000 tons of lake coal divided as follows: Pittsburgh district, 7,750,000 tons; Ohio, 4,500,000 tons; West Virginia, 3,500,000 tons; Kanawha field, 1,100,000 tons and over 2,000,000 tons for various sections of West Virginia. Coal operators are still in session in New York. They will probably return home today.

## PROTEST AGAINST MEXICAN SLAVERY

Connellsville, Socialists Pass Resolutions Condemning Conditions in Country of Diaz.

The Connellsville local of the Socialist party has passed resolutions protesting against the imprisonment of Mexican refugees by the United States government and pledging unqualified support to the "victims of the Mexican government."

In the preamble of the resolution the local here sets forth that there are 14,000,000 slaves in Mexico who are held in bondage at the instance of American capitalists. It also attacks the administration of President Diaz. Copies of the resolution have been forwarded to Congressman Cooper and State Senator Crow.

## BREWERY MEN LOSERS

Wanted to Have Their Drinking Periods Increased, 'Tis Said.

### WANTED SIX OF THEM A DAY

But Will Only Be Allowed to Take the Soda at Their Lunch Time and After Working Hours—No Special Hours Designated.

It is learned on good authority that the brewery workers were losers by the signing of the new scale on April 1 and as a consequence all drinking periods have been eliminated from the agreement. The men are permitted to have all the beer they care to drink during the lunch hour and after work suspends in the evening.

One man who is familiar with the situation said today that the workers took a bad step two years ago when they insisted in having four drinking periods inserted in their wage agreement. This time they asked, this number to be increased by two, but the brewers struck out that paragraph and the men must now drink on their own time.

"This is a matter the men should have left to the brewmaster," the man said today. "I have worked about breweries a good bit and have never yet found a brewmaster who would not let the men have all the beer they wanted to drink as long as they kept sober."

The men were not satisfied with this arrangement and demanded specified hours in which to do their drinking, insisting that during their eight-hour day they be given intermissions. That was laid and then the men wanted six periods instead of four but as a consequence they have none at all now.

## WORK HOUSE 2 YEARS, LOCKUP FOR 2 DAYS

## BEIGHLEY OFFERS ATTORNEYS \$20

But They Thought It Was Worth More Than That to Prevent Bad Suit.

### SUE AND GET JUDGMENT

Result is That Old Breach of Promise Case Comes to Light Once More But Smithfield Farmer Gets Off Easy, Many Think.

UNIONTOWN, April 2.—Howard Beighley, a farmer living near Smithfield, 48 years old, offered Attorneys John S. Christie and H. F. Detweiler \$20 each for their part in settling a bad breach of promise suit but they did not think this sum was sufficient. They brought suit before Justice of the Peace D. M. Blierer and were given judgment for \$60 this morning.

The suit arose a matrimonial alliance which never allied, but which has furnished subject for gossip in and around Smithfield for many years past. It all started eight years ago when Miss Mary Stumm sued Beighley for \$10,000, claiming breach of promise. The suit scared the farmer and he immediately settled. On condition of withdrawing the suit, Beighley gave Miss Stumm a paper setting forth that he would marry her within a year. He never did.

Last fall Miss Stumm renewed the action, having the paper Beighley gave her in her possession. She again asked \$10,000. Beighley went to Attorneys Christie and Detweiler and sought their counsel. Learning of the paper they had signed, the attorneys recommended an amicable settlement of the case. They told him the chances were he would lose the suit.

A settlement was effected by Beighley paying the plaintiff \$400, but he did this privately and the suit was withdrawn.

When the attorneys learned the suit was settled, Beighley sent them a bill of \$50, or \$25 each. He offered them \$10 apiece, but they could not see it that way and the suit resulted.

UNIONTOWN, April 2.—Three cases against Dr. S. S. Stahl, a former Connellsville resident, to recover large amounts put into a California gold mining company were on the list for trial in court yesterday, but when Charles K. McCaffrey, one of the plaintiffs, wished to amend his statement, the case was continued. Similar action was taken in the other two cases, in which David Young and William H. Cochran are the plaintiffs.

In his amended statement McCaffrey demands damages to the amount of \$5,000. He declares that by false representations and misstatements he was induced to put \$2,500 into the Western Pennsylvania Gold Mining Company, of which he was given 5,000 shares of stock. He was first induced to subscribe for stock through a letter received from Stahl, he said, referring him to Prof. Brooks. He was induced, after a talk with Prof. Brooks to send a New York draft for \$1,000 to F. J. Taylor, the secretary. Later, after a personal visit from Stahl, he says, he turned over \$1,500 more. The transactions date back to October, 1901.

In the suit of J. H. Stivers against the West Side Land Company, an action to recover damages alleged to have been caused by grading a street, a compulsory non-suit was granted. In the case of H. G. Zimmerman against Grubbs & Company, the jury returned a verdict for the plaintiff.

The case of Daniel Kilnt against the North State Fire Insurance Company was settled. Cases continued were: Saitlick School District against C. M. White. Grossan Construction Company against John E. Leonard and Ruth Hugh and others against Elmer Hugh and others.

In the case of Wash Herl and others against the Trotter Water Company, in which a verdict for \$2,500 for the plaintiffs was returned, a motion for a new trial was filed yesterday in behalf of the company. It is claimed that the damages were based upon speculative calculations.

The hearing of the equity case of Thomas E. Johnson and others against Edward J. Johnson was continued yesterday until April 10.

There are but two more cases to be tried this week. They are the cases of Henry Tolt against the West Penn Railways Company and L. J. House against the Masontown Glass Company.

Pierce Baker was yesterday appointed by the court as a deputy constable for Dunbar borough upon the petition of Constable A. C. Duncan. Two small sentences were imposed yesterday. Walter Howard was ordered to pay a fine of \$50 and costs and Alberto Lafereola goes to jail for 30 days.

Attorneys Smith and Brownfield, in behalf of J. P. Farnell, yesterday brought suit against the Summit Hotel Company to recover \$32.25 alleged to be due for lumber furnished.

### IT WAS A FINE MOVING DAY

Daniel S. Hixon, Near Town Farmer,  
Seriously Ill—Spent-Fox Marriage,  
More Sales For Taxes.

SCOTSDALE, April 2.—The crusade of Burgess H. Hixon, on the slot machines under Ordinance No. 35 made quick time in getting the devices out of business, those that own or harbor them getting them away following the notice served by Chief of Police Frank McCudden. Only those that are gamblers of chance have been disturbed, the simple vending machines purring their way unmolested. However, a vending machine that besides always giving the worth of the coin put into it, the owner sometimes caught up a larger value is caught by the order. The latter machine is known as a game of chance, with the chances, of course, on the side of the machine. It is said, that some of the individuals who have been compelled to part with their mechanical helpers have threatened to hang Chief McCudden's official hide on the fence, although he was only the carrier of the tidings to take away the chance promoters.

**Fine Moving Day.**  
April 1 was the finest moving day that has probably come to this town in a long time, and there were a number of "ditties" to be noticed traveling the streets during the day. Some unfortunate ones put off the dread time until today and are caught by a disagreeable turn in the weather. The Favorite Gas Company is being kept busy in changing and testing meters. Where a family leaves a place where the meter has been in over a year and another family moves in, the meter is taken out and tested and another set up. If the meter has been in less than a year it is not changed. The Citizens Water Company also is busy making the new records for changes in the houses supplied by them. The postoffice force and carriers are also busy taking note of the changes in address of a great many people incident to moving day.

Daniel Hixon, a well known farmer living west of town, is seriously ill with an attack of asthma, which complaint he has been a subject for a number of years.

**More Tax Sales.**  
In compliance with the Commission's demands that settlement of all taxes fall due April 1 or six per cent interest will go on, Tax Collector S. B. McMillan yesterday posted notices for the sale of the goods of the Varholt Hotel for taxes. The sale is set for Saturday, April 10, at 1 o'clock.

**For Moving and Hauling.**  
John Stauffer has opened a moving and hauling business in the Anderson stand on Stoner street, and is equipped for all kinds of hauling quickly.

**Spent-Fox Marriage.**  
Miss Edna, youngest daughter of David Fox, and Edwin Spoor, both of Tarr, who married at the Church of God, paragon, at Alverton, by Rev. W. H. Guyer, the pastor, on Wednesday. Mr. Spoor is a clerk in the Union Supply Company store at Tarr and after a short trip the couple will live with the parents of the bride.

**Farmers Are Plowing.**  
The agriculturists have been busy this week turning up the ground, this having been a good week for such work, and the plow teams can be seen in nearly every hill, while the shouts of the plowmen at his horses are wafted on every passing breeze, sometimes showing the latest spring styles in instruction, when a team goes wrong.

**The Honest Proprietary Medicine.**  
Fills a national need in the land and it will take more than the cry of "fraud" and "fake" from the skeptical, over-reaching physician to overthrow an honest, reliable and standard preparation like Lydia E. Pinkham's Vegetable Compound, which is made from the roots and herbs of the field, and has cured more women of female ills than any other remedy we know of.

## CONSTIPATION MUNYON'S PAW-PAW PILLS

Munyon's Paw-Paw Pills are unlike all other laxatives or cathartics. They ease the liver into activity by gentle methods. They do not scour; they do not grip; they do not weaken; but they do start all the secretions of the liver and stomach in a way that soon puts these organs in a healthy condition and corrects constipation. In my opinion constipation is responsible for most ailments. They are fifty-two feet of human bowels, which is really a sewer pipe. When this pipe becomes clogged, the whole system becomes poisoned, causing indigestion, headache and impure blood, which often produces rheumatism and kidney ailments. No woman who suffers with constipation or any liver complaint can expect to have a clear complexion, or enjoy good health. Munyon's Paw-Paw Pills are a tonic to the stomach, liver and nerves. They invigorate instead of weakening; they enrich the blood instead of impoverishing it; they enable the stomach to get all the nourishment from food that is put into it. These pills contain no alcohol, no drugs, they are soothing, healthy and stimulating. They school the bowels to act without physic. Price 25 cents.

## RAILROAD BILL TAKES JOURNEY.

One Is in Philadelphia in  
Pocket of Rep-  
resentative.

### PROGRESS THEREBY DELAYED

Lehigh County Legislator Calls At-  
tention to the Fact That O'Shell  
Full-Grew Bill, Ordered Reported by  
Railroad Committee.

Harrisburg, Pa., April 2.—A charge was made in the house by Mr. Decker, Lehigh, that the O'Shell full crew bill was being carried around in the pocket of a member after he had been directed to report it to the house. The bill requires a certain number of men to constitute a crew according to number of cars on a train and is much desired by railroad men's organizations. The railroad committee acted on the bill, directing its return to the house. Mr. Decker said Mr. Curtis, Philadelphia, had been given the bill to report out but had left the city without doing so. As the bill cannot come before the house until reported, a motion will be made today to discharge the committee.

The house held three sessions, being occupied with appropriation bills. The evening session was held for first reading only. The house will meet today to act on similar bills for the first time.

The senate held two sessions to receive appropriation bills from the house and referred them to committee. Governor Stuart signed the Knox bill to provide a pension of \$12 a month to the widow or minor children or dependent parent of any soldier of the national guard or naval force who may die from injuries received, or who may be killed, or who within two years prior to the passage of the act may have been killed in line of duty.

The Fox bill appropriating \$2,000, for the extension of the capital park was amended by the house appropriations committee to cut out all salaries for the commissioners, who are to be named by the governor to carry out the purchase of the ground. It will be reported out today and placed on second reading, having passed first reading. Senator Fox appeared before the committee and after a plea for the passage of the bill suggested the amendment.

The bill provides for a commission of three and necessary staff of clerks and a really expert. The \$2,000,000 is to be available at the rate of \$100,000 a year for five years so that the burden will not fall heavily on the treasury. There is also a provision that if in the judgment of the governor, auditor general and state treasurer enough money is in the treasury \$1,000,000 can be used in one year. The bill passed the senate last week.

### TARIFF A BLOW AT WOMEN

Solon From Chivalrous South Surprised at Duty on Hosiery, Etc.  
Washington, April 2.—That the Republicans of the ways and means committee of the house of representatives in the preparation of the tariff bill "almost deliberately and premeditated blow at the American womanhood" was the charge made in the house by Representative Barnett, Democrat, of Alabama.

Mr. Barnett discussed false teeth, hosiery, garters and other apparel for women, which he said "these gentlemen have unblushingly put in the bill," adding, "and I would be recreant to my duty to American womanhood were I not to hold the offenders up to righteous indignation and scorn."

Though not surprised at some of the "unscrupulous" members of the committee, he said he was shocked at the unprovoked treatment accorded women all through the bill by the "princely young gentlemen from Ohio," Mr. Longworth, "the gallant and chivalrous gentleman from West Virginia," Mr. Gales, "the fiery and impetuous youth from Michigan," Mr. Fordney, and "the committee baby from Washington," Mr. Chapman.

### GLASS MERGER ASSURED

Independent Window Glass Factories Organize Holding Company.  
Columbus, O., April 2.—At a meeting of representatives of leading independent window glass factories final agreement was reached by which they will concentrate their efforts in the Imperial Window Glass company.

Over 95 per cent of the manufacturers of the country signed the preliminary agreement and the plants which remain outside the merger are small or are closed down. It is said. A committee was appointed to arrange details of incorporation, such as capitalization, the method of stock issue and the nomination of officers. This committee will report at a meeting in Pittsburgh next week.

The new company will be a holding corporation for the present plants as well as a general sales agency. The general offices will be at Pittsburgh.

Urges Constitutional Amendment.  
Springfield, Ill., April 2.—A resolution urging congress to call a legislative convention for the adoption of an amendment providing for the election of United States senators by vote of the people was adopted by the lower house of the legislature by a viva voce vote.

**COPYRIGHT, 1908 BY DODD, MEAD AND COMPANY**

Douglas was a sturdy young man of eight and twenty, frank and boyish in manner and confident and light hearted in spirit. He had been a member of the church for many years when he was appointed to their church, and his keen enjoyment of outdoor games and other healthful sports robbed him of a certain dignity which he might have had. He was a little vainly that the pastor found to unavailing that other interests when he might have been settled, in dark, stuffy rooms in the city, but he was not averse to the life he led. He was a true, unselfish, and a generous man, and his heart was open to their resentment and indignity. He was a true, unselfish, and a generous man, and his heart was open to their resentment and indignity. He was a true, unselfish, and a generous man, and his heart was open to their resentment and indignity.

 credulously. Douglas waited.

Douglas laughed, and Manly mut-  
 tered sullenly.

Heavy Bond for \$67,000  
Shortage.**

### HE KEPT TWO RACE HORSES

William F. Downs, Age Twenty-Six,  
Employed in City Register's Office  
at Baltimore, Charged With Short-  
age Which May Reach \$100,000

Baltimore, April 2. — William F. Downs, the young clerk in the office of the city register, held in \$50,000 bail, will have a hearing today on a charge of embezzlement of city funds. Further proof into matter appears to reveal an even worse state of affairs in the city hall than had been expected. State's Attorney Owens states that the amount taken from the city probably would amount to \$100,000. City Solicitor Poe stated that 100 charges of larceny will be preferred against Downs.

Downs is twenty-six years old. It is alleged that he has been living in style very far beyond the means of a \$2000 a year clerk, which he was until recently, when he was promoted to a \$1,400 clerkship, much against his will. The alleged peculations appear to trace back to July 1, 1907. He kept a couple of race horses and in said to have been a patron of prizefights and horse races and to have had other expensive habits.

Downs is reported to have said that his first wife left him a large fortune and also that he won heavily on horse races. His manner of living is said to have been well known to the police and detectives of the city and to many others, and Mayor Mahool is much exercised because no one had ever told him of it.

Downs is bonded in a local bonding company to the extent of \$3,000 and City Register Thomas to the amount of \$50,000. The latter's bond, it is claimed, covers any defalcations in the city register's office, but this appears to be in some doubt.

**THE CASINO.**  
"The Boston Belles."  
Gaiety, frivolity, hilarity and high jinks will bring patrons to a lively climax during the evening of Tuesday April 6 at the Casino Theatre where "The Boston Belles" burlesquers will play a most welcome visit. Those who are fond of clean, but funny burlesques will find just the real thing in "Just Before the Battle, Mother" and "What Joy in Joyland," two humorous and well-pleasing farces, with almost endless amusing alterations. Quite an array of vaudeville features add to

the merit of "The Boston Belles" Burlesquers' offerings, which is considered the strongest card Manager Hastings has presented this season.

There is a certain dash and go to the performance affording a continuous whirl of movement and display of color, brilliancy and beauty.

A score of fascinating young women furnish a beautiful frame to the lively picture, which presents itself not only in bright and glittering colors but which prominently display an ever-bubbling fountain of wholesome and delightful comedy.

The management has been very careful in the selection of the female members of the company. Two girls with this organization are bewitching and attractive and do not belong to the species of faded beauties.

**Note of Thanks.**  
Mr. and Mrs. Bernard Baker desire to thank their many friends and neighbors for the kindnesses shown them during the sickness of their son, Thomas, and the kind words of comfort offered them during the sad hours of their affliction; and also to thank the pupils of the public schools and the members of the Methodist Protestant Sunday School for the beautiful floral emblems which they sent.

You will find all the news in The Courier. 25c a month delivered.

## Soap piles up your household labors—not because of what it does, but because of what it doesn't do

With soap alone home purity depends on your efforts, and not upon its meager help.

Mere soap is so powerless and inefficient that it is a wonder any thinking woman would continue to be pestered with it.

**GOLD DUST** will enable you to do your work without becoming muscle-bound from effort. It is a good, honest, vegetable oil soap, ground fine and blended with other purifying materials; it vigorously and thoroughly cleanses without taxing your strength, and with injury to nothing but dirt.

With **GOLD DUST** you can and should discard soap from wash tub, dish pan, sink and scrubbing kit.

Don't be a soap-slave. Get wise and get **GOLD DUST**.

**AS A RESULT OF A HURRIED  
TRIP OF OUR CLOTHING  
BUYER TO NEW YORK.**

In response to information received regarding this clothing, our buyer made a flying trip to New York and as a result of this action we're able to offer you

**\$20.00 Clothing, in three styles  
of fabric made by one of the  
best makers in this land, at \$15.**

We purposely withhold his name in this advertisement. That's part of our agreement with him. He could not afford to have his product advertised at a lowered price at this season of the year. You'll know when you see the clothes who made them. The hang, fit, finish, and fabrics will tell plainly enough the source of their origin.

The fabrics are fancy worsteds shown in two shades of "new grey," and a dark blue. They are in herringbone weave with a self-colored narrow stripe as a design; coats are broad shouldered, perfect draping models, conservative in cut, but distinctive in their lines. The trousers are full peg leg, full through the hips, narrowing down to a 14 inch instep. They are superbly tailored, not out of the cutting room two weeks.

Only fifty of them, but there's a clean saving of fine big round dollars on every suit. The accompanying picture tells how they're made.

We tell you emphatically that they're the best clothing values you've even seen; positively the best. All things considered. They're spic, span new, designed and tailored by one of the foremost clothing organizations in this country. There's a clean saving of \$5 on every suit, and you need a suit right now, Easter's coming on apace. It's clothes time and you're feeling the call of Springtime garb.
